SENATE COALITION TAKES UP MUSCLE SHOALS

EXPECTS TO RUSH THRU COOLIDGE RESOLUTION

CALLS FOR JOINT CONGRESSIONAL COMMITTEE TO CONDUCT NEGOTIATIONS

FOR LEASE OF $137,000,000 GOVERNMENT POWER AND NITRATE PROJECT

By PAUL R. MALLON
(United Press Staff Correspondent)

Washington, March 1.—The same coalition of senate republicans and democrats that crushed independent opposition to the tax bill and the world court, today took up the Coolidge Muscle Shoals resolution to rush it through the upper house.

The resolution calls for appointment of a joint congressional committee to conduct negotiations for a lease of the $137,000,000 government power and nitrate project established in the Tennessee river in Alabama during the war.

The house already has adopted the resolution which was drafted on the suggestion of President Coolidge. Its adoption by the coalition in the senate is such a foregone conclusion that leaders already have discussed who should be appointed by the senate to serve on the committee created by the resolution.

Opposition to the resolution is led by Senator Norris, Nebraska, republican, who favors government operation.

RAILROAD LABOR BOARD ABOLISHED

Washington, March 1.—(UP)—The Watson-Parker mediation railroad bill was passed today by the house.

The measure abolished the railroad labor board and sets up machinery for voluntary adjustment of disputes between railroads and employes. Railroad operatives and employes have approved the bill. The vote was 381 to 13.

NEW ACTING DRY HEAD NAMED FOR MILWAUKEE

Chicago, March 1.—(UP)—Director of Prohibition E. C. Yellowley today announced the appointment of Gus J. Simmons as acting director of the Milwaukee district, vice Robert D. Sterling, resigned.

REPUTED 'KING OF BOOTLEGGERS' TO GIVE TESTIMONY

Cleveland, O., March 1.—(UP)—Israel Alpern, St. Paul, "king of bootleggers" in the northwest, arrived in Cleveland today from Leavenworth federal penitentiary to tell the federal grand jury his version of the interstate alcohol ring's activities.

Alpern, dubbed by federal authorities "the big alcohol man from the west," is serving time for a liquor offense and has another indictment hanging over his head.

WISCONSIN TAX LAW PROVISION ON ESTATES INVALID

Washington, March 1.—(UP)—The provision of the Wisconsin inheritance tax law assessing all gifts made within six years before death was held unconstitutional by the United States supreme court today. A state supreme court decision upholding the clause was reversed.

MARCH RIDES IN LIKE LION

STRIKES NORTHWEST REGION WITH GALE OF 52 MILE GAIT

St. Paul, March 1.—(UP)—March rode into the northwest astride a 52 mile gale today. The heavy wind started last night and continued somewhat abated this morning. Minor property damage was reported, but no serious consequences were expected.

Milwaukee, Wis., March 1.—(UP)—Summer weather, which came on the heels of the blizzard last week, continued today and indications were most of the snow would disappear. The forecaster, however, predicted the mercury would drop today.

Mandatory Jail Sentence for Big Bootleggers

Congress Today

Senate:
Takes up Muscle Shoals resolution.
Hearings on Stanfield grazing bill before public lands committee.
House:
Considers bills on unanimous consent calendar.
Alcoholic liquor traffic committee to arrange for liqor survey.
Military committee considers aviation legislation.

Congress 100 Years Ago Today
Senate:
Senator Benton of Missouri introduced a resolution to prohibit a senator or a representative from being appointed to a federal office until after the expiration of the presidential term during which he served.
House:
Abolition of capital punishment in the District of Columbia and establishment of a penitentiary system was urged by Representative Thomason of Pennsylvania.

3 HATS ARE TOSSED INTO TEXAS RING

THE GUBERNATORIAL RACE IN SOUTHERN STATE IS WAXING WARM

GOV. MIRIAM A. FERGUSON SEEKS RE-ELECTION TO "VINDICATE FAMILY NAME"

Dallas, Texas, March 1.—(UP)—Three hats, two of them bearing feminine plumage, have been tossed in the Texas gubernatorial ring so far.

Governor Miriam A. Ferguson is seeking re-election "to vindicate the family name."

Mrs. Edith Wilmans, a former member of the legislature, is seeking entrance to the chief executive's office on an "honesty in government" platform.

Former Lieut.-Governor Lynch Davidson, the only man to announce his candidacy for governor so far, has not definitely stated his politics.

The citizens of Williamson county are to assemble at Georgetown tomorrow, Texas Independence Day, to urge Attorney General Dan Moody, their fellow townsman, to announce his candidacy for attorney general under similar conditions.

Another item to be considered this year by Texas politicians is the apparent growing power of the republican party which is to hold its first primary election in history this year.

PEACE REIGNS ON SURFACE IN PALMYRA

"DRAW DECISION" BY CHURCH COURT TRYING W. CLYDE MARTIN

CHARGED WITH CONDUCT "UNBECOMING AN ACTIVE CHURCH WORKER

Palmyra, Ind., March 1.—(UP)—Although peace reigned on the surface in Palmyra today following the "draw decision" handed down by the church court which tried W. Clyde Martin, 40, teacher and athlete on charges of conduct "unbecoming an active church worker," there was an under-current of ill feeling present at every turn.

The court, in refusing to hand down a verdict, either for the "prosecution" or the "defense," urged that both parties "bury the hatchet and let bygones be bygones."

Indications are that this is not going to be the case.

At church Sunday the faction, which has been opposing Martin in his efforts to back a basketball team and other community events here, refused to speak to the athlete teacher and throughout the service there was an under-current of hostility among the two factions.

Martin has declared that he is willing to make some concessions to his opponents, in other words, he may close his community hall on Sunday and throw out a slot machine, which sells chewing gum.

2 GIRLS HELD IN CONNECTION WITH SLAYING

ST. PAUL AUTHORITIES CONTINUE INVESTIGATIONS OF 2 POLICEMEN MURDERED

GIRLS BELIEVED SWEETHEARTS OF 2 OF 4 YOUTHFUL BANDITS

St. Paul, March 1.—(UP)—Two girls, under 18, were held here today in connection with the slaying of two patrolmen last Tuesday.

The girls, whose names were not divulged, are said to be sweethearts of two of the four youthful bandits, arrested near Menominee, Wis., and police believe they know something of the whereabouts of the confessed bandits on the night of the murder.

Detectives visited the room of two of the robbers yesterday and found in a trunk numerous articles which were perhaps part of the loot taken in holdups.

All four of the young men held for questioning still deny knowledge of the murder.

SENATE CONSIDERS THE CRIME PROBE ASKED BY CHICAGO

Washington, March 1.—(UP)—Senator Hiram Johnson, chairman of the senate immigration committee, today issued a call for a meeting of the committee tomorrow to consider the petition of the Better Government association for investigation of the Chicago crime conditions, among other immigrant matters.

Although members of the committee declined to disclose their views before the petition is analyzed, they privately expressed opinions that the activity of Chicago criminals is purely a local question, which can bear no important relation to general immigration legislation. It is believed the committee will decline to conduct an investigation.

FACTIONAL STRIFE IN G. O. P. IN ILLINOIS

"EXPOSE" WAS PUBLISHED THIS MORNING BY CHICAGO TRIBUNE

CLAIMS POLITICAL LEADERS CURRIED FAVOR WITH GANGSTERS

Chicago, March 1.—(UP)—Political circles in Chicago were aroused today and factional strife within the republican party in Illinois was made more bitter by an "expose" published this morning by The Chicago Tribune, claiming to show that political leaders from a United States senator, down, have been friendly towards powerful gangsters and underworld characters.

The Tribune printed two "banquet pictures," in sustantiation of its charges.

In one picture State's Attorney Robert E. Crowe, Lieutenant Governor Fred Sterling, Secretary of State Louis L. Emerson, two judges, a state representative and other political figures are seen seated at the speakers' table beside Jim Genna, "political boss" of the Italian quarter and director of the notorious Genna gang of wine merchants and gun men.

In the other picture United States Senator Charles S. Deneen and several of his political aides are seen at a dinner alleged to be in celebration of the chirstening of a child of "Diamond Joe" Esposita, a confessed bootlegger and also an Italian political leader. The faces of several judges also appear in this picture.

Senator Deneen and State's Attorney Crowe are both republicans but are bitter political enemies, leading factions of the republican party that have long been at war.

The "expose" came immediately following introduction in the United States senate of a resolution by the Chicago "Better Government Association" charging politicians with being in league with gangsters and asserting that the city is overrun with a combination of lawless politics and protected vice. Members of both factions in the republican party were named in the resolution.

FOUR MOTORISTS IN A MIRACULOUS ESCAPE FROM DEATH

Minneapolis, March 1.—(UP)—Four motorists miraculously escaped death here yesterday, when the automobile in which they were riding on a river boulevard skidded and rolled down a 60 foot embankment.

Albert F. Turner, his wife and two others, occupants of the automobile, escaped injury although the car was wrecked.

STATE CRIMINAL IDENTIFICATION BUREAU PLANNED

RECOMMENDED TO CRIME COMMISSION BY JUDGE J. F. D. MEIGHAN

ALBERT LEA JURIST REFERS TO SUCCESS ACHIEVED BY THE CALIFORNIA BUREAU

St. Paul, March 1.—(UP)—Creation of a state criminal identification bureau was recommended to the state crime commission recently appointed by Governor Theodore Christianson at its second meeting here today.

Judge J. F. D. Meighan, Albert Lea, chairman of the sub committee on prevention of crime and apprehension of criminals, suggested a commission in Minnesota similar to the California bureau of identification.

This bureau is headed by three men appointed by the governor. One is a chief of police, another a sheriff and the third a county attorney. They name a superintendent for the bureau, who selects his own office force.

Functions of the bureau are to keep a complete record of finger prints and other information concerning criminals. In the first year of operation 48,000 finger prints were taken and $1,000,000 worth of stolen property returned to owners by the bureau.

The report of Judge Meighan was placed on file.

The committee is to continue its study and make further reports.

Attorney General Clifford L. Hilton suggested changes in trial procedure. He said the state should be allowed the same number of challenges as the defense; men jointly indicted should not be granted separate trials, unless ordered by the trial judge and the state given the closing argument in criminal cases.

The commission voted to confine its investigation to legal problems arising from the crime situation. This bars study of eugenics, sterilization, hereditary and other basic causes and confines the commission to investigation of detention, apprehension and prosecution of criminals.

U. S. ENTRY INTO WORLD COURT TOPIC

TO BE DISCUSSED AT LEAGUE OF NATIONS MEETING NEXT WEEK

IF AMERICAN NOTE TO COURT MEMBERS IS RECEIVED BEFORE MARCH 8

Geneva, March 1.—(UP)—United States entry into the world court will be discussed at the League of Nations meeting next week if the American note to the various members of the court is received in Geneva before March 8.

The league has not yet been advised that the United States state department has circularized members of the court inquiring whether the reservations stipulated by the senate are acceptable. Informed legal opinions from the various governments have been received in Geneva and from these it is indicated that it will be necessary to ask the court for an advisory opinion on the propriety of the reservations. The question to be determined is whether the reservations would necessitate amendment of the court's statutes.

CLAIM COAL IS SOLD AT BOOTLEG PRICES

NEW YORK CHAMBER OF COMMERCE ASKS LEGISLATURE'S AID

SEEK FACT FINDING AGENCY TO HELP PREVENT PROFITEERING

New York, March 1—(UP)—Coal at bootleg prices is the subject of a report by the Chamber of Commerce of the state of New York, which will ask the legislature to create a fact finding agency to help prevent profiteering in the industry.

The highest price during the coal strike, the investigating committee found, was the $48 a ton, which dealers asked and received for a mixture of bituminous and coke in the colored section of Harlem. The fuel was sold in 50 pound bags at $1.20 a bag.

But it was found that profiteering is not confined to the cellar dealer and the peddler and that "large dealers must bear some share of the responsibility."

COLORED WOMAN SEEKS POLICE AID OF ANOTHER CITY

Milwaukee, March 1.—(UP)—Mrs. Mary Jefferson, colored, of Chicago, does not have much faith in police of the windy city, so she came here and told her troubles to Desk Sergeant Walter Hussmann.

"I want a Milwaukee policeman to go down to Chicago and arrest that worthless husband of mine for chasing around with other women," she said. "Those Chicago cops ain't no good."

Mary was disappointed when informed Milwaukee police jurisdiction does not extend to Chicago.

3 BRITISH AIR EXPEDITIONS ON LONG VOYAGES

TRANS-EMPIRE FLIGHTS TOTALLING NEARLY 30,000 MILES

FIRST DIRIGIBLE FOR AUSTRALIA-INDIA-ENGLAND ROUTE BEING CONSTRUCTED

By MINOTT SAUNDERS
(United Press Staff Correspondent)

London, March 1.—Three British air expeditions took off today on trans-Empire flights, totalling nearly 30,000 miles.

Simultaneously it was announced that construction of the first dirigible for the Australia-India-England route would be begun next month at Howden, East Yorkshire, in the plant of the Airship Guarantee Company.

Four 450 horsepower royal air force airplanes containing six officers and two mechanics under Wing Commander C. H. W. Pulford, left Cairo for Cape Town at 7 A. M. At the other end of Africa, Alan Cobham, Britain's premier civilian aviator, took off 30 minutes later for Cairo on the return lap of his round trip flight from London. The planes will meet somewhere in Central Africa.

Flight Lieutenant Oliver and Flying Officer Brooks hopped off from Karachi, India, at 2 A. M. on a five day dash to London, which would shatter existing records if successful.

The dirigible to be constructed by the Guraantee Company would carry 125 passengers, 5,000 pounds of baggage and 50,000 pounds of mail. It will be called the R-101 and will require 5,000 horsepower to drive it at an average speed of 50 miles an hour. It will have a gas capacity of 4,000,000 cubic feet. Australia would be brought two weeks' closer to London by the projected ship which would require only 11 days to make the journey. The contract will specify that the dirigible be completed within two years.

Cairo, March 1.—Wing Commander Fulford's royal air force squadron of Cairo to Capetown planes arrived at Assiut and departed for Assuan at 9:30 A. M. today.

NUMERICALLY, U. S. HAS THE BIGGEST NAVY

London, March 1.—(UP)—The United States possesses the numerically greatest navy in the world, according to the admiralty's naval blue book, issued today.

Naval vessels already built are listed as follows:
United States 543.
British Empire 444.
Italy 247.
Japan 222.
France 219.
Soviet Russia 176.
Germany 87.

B. E. Haney Resigns From Shipping Board

Washington, March 1.—(UP)—The resignation of Bert E. Haney of Oregon as member of the United States Shipping board was accepted by President Coolidge today. Haney left last night for Oregon. The letter of acceptance was signed by Everett Sanders, secretary to the president. No successor has been named.

BYRD TO FLY TO UNKNOWN ARCTIC SOON

AERIAL EXPEDITION FINANCED BY EDSAL FORD, YOUNG ROCKEFELLER

2 AMPHIBIAN AIRPLANES CARRIED, CAN LAND ON ANYTHING

Washington, March 1.—(UP)—Lieutenant Commander Richard E. Byrd will start for the unknown Arctic from New York late this month, heading the aerial exploration venture financed by Edsal Ford, John D. Rockefeller, Jr., and other wealthy men.

Carrying two amphibian airplanes, capable of landing on sea, snow and land, the expedition will establish a base at Cape Morris Jessup, above Spitzbergen, 700 miles from the pole, whence the final dash will be undertaken probably in May.

Byrd expects to reach the north pole and settle definitely the Peary-Cook controversy as to who reached the uttermost top of the world.

From King's Bay, west of Spitzbergen, Byrd hopes to make several flights over the million square miles between their base on the eastern hemisphere and Point Barrow, Alaska, on the western hemisphere.

A three motored Fokker plane and the 5,500 ton ship Chantier, comprise the equipment obtained so far. Radio equipment will be carried.

12 FIREMEN SAVED AS CHIEF "HAD A HUNCH"

FIGHTING FLAMES ON SECOND FLOOR OF CHICAGO FOOD SHOP

"ALL OUT," BAWLED MARSHAL, JUST BEFORE THE WALLS CRASHED DOWN

Chicago, March 1—(UP)—Twelve firemen fighting a blaze in Chicago's Italian quarter were saved from almost certain death early today because their chief "had a hunch." The firemen were at work on the second floor of a building which housed Mike Casselli's food shop. They were making rapid progress in checking the flames when the floor under their feet lifted nearly an inch and then settled.

"All out," barked Marshal Dillon to his men. He explained later he "had a hunch something was wrong."

No sooner had the 12 men reached the street when the building was blown to splinters by a terrific dynamite blast. Charged timbers, broken furniture and bits of glass showered the neighborhood and windows in adjacent buildings were shattered.

The dynamiting was blamed to an Italian feud involving the notorious Genna gang. The preliminary shock which warned the firemen is believed to have been causd by a detonator attached to the bomb.

APPLIED UNDER ADMINISTRATION'S NEW DRY LAWS

TO ATTACK OFFENDERS TRANSPORTING MORE THAN GALLON OF INTOXICANTS

"SMALL FRY" LEFT TO THE DISCRETION OF COURT ON FINE OR JAIL SENTENCE

By JOSEPH S. WASNEY
(United Press Staff Correspondent)

Washington, March 1.—Mandatory jail sentences would be applied under the administration's new dry law legislation only to persons convicted of transporting more than one gallon of intoxicants, it was learned at the treasury department today.

"Small fry," hip pocket bootleggers and flask toters would escape under a provision which would leave to the discretion of the court the imposition of fine or imprisonment.

Assistant Secretary of the Treasury Andrews had supervised the drafting of the new legislative program with the idea of aiming for the "big fellows." His established policy is to saddle enforcement against minor offenders on states and municipalities.

The present law would be changed to read that "fine and jail sentence or both" is to be meted out to large offenders, with no loopholes for small penalties, while the existing provision providing fine "or" imprisonment at the option of the court is reserved for small offenders.

SEN. LENROOT TO ANSWER BORAH CHARGES

Milwaukee, March 1.—(UP)—Back in Wisconsin again after his recent visit and hurried trip back to Washington, Senator Irvine L. Lenroot, administration leader in the world court senatorial fight, will answer Senator William E. Borah's recent Milwaukee address when he talks before the American Luther association tonight.

Lenroot would not affirm nor deny reports that he had an offer to go into private business, but said he was giving the matter serious consideration.

At noon today Lenroot will address the Optimists club on the Great Lakes-St. Lawrence waterway project.

HALF TON OF PERCH CONFISCATED

Lansing, Mich., March 1.—(UP)—More than a half ton of perch under the Michigan nine-inch sale limits have been confiscated from dealers in the state who purchased the fish at Green Bay, Wis., the state department of conservation announced today. Other seizures are expected.

The Michigan law fixes a nine inch limit, while the Wisconsin limit is seven inches.

STAGE STAR WEDS COMPOSER

New York, March 1.—(UP)—Vivian Martin, stage and screen star, has become the bride of Arthur W. Samuels, composer. The ceremony was held yesterday in the apartment of Neysa McMein, noted illustrator.

FAST PENNSYLVANIA TRAIN IN A WRECK

SECOND LOCOMOTIVE AND FOUR MAIL CARS OVERTURNED NEAR GREENFIELD, IND.

Greenfield, Ind., March 1.—(UP)—The second locomotive and four mail cars of a fast Pennsylvania passenger train, New York to St. Louis, overturned a short distance east of here early today.

Enginemen Harris and Donaldson of Columbus, O., who were in the locomotive, escaped uninjured, and none of the other trainmen or passengers were injured.

The train which was traveling at about 60 miles an hour at the time of the accident, tore up about 400 feet of track.

Minnesota — Fair tonight and Tuesday, colder tonight.

Feb. 28. — Maximum 32. minimum 20. In evening 32. Northwest wind. Cloudy.

March 1. — Maximum 10, minimum 5. Northwest wind. Cloudy.

Miss May Fitzpatrick visited the high school last week.

David Rose, maintenance superintendent of Bemidji, was a Brainerd visitor today.

Miss Ann S. Roring, of Crosby, and Mrs. C. F. Nelson, left today for Minneapolis for a visit.

Mrs. F. W. Reed, of St. Paul, left today for her home in that city after visiting with Mr. and Mrs. J. Avery.

R. K. Biller, division highway engineer for this section, was in the city today from his headquarters at Bemidji.

Those eyes—those legs—those ears—you should see "Brown Eyes" the cow star, with Buster Keaton in "Go West," Lyceum last time tonight. 1t

Mr. and Mrs. Ole Elvester left Saturday for Stevens county for an extended visit. Mr. Elvester is improving.

Mrs. Ralph Kehoe, of Chicago, arrived Saturday for a visit at the home of Mr. and Mrs. E. J. Kehoe, on North 9th street.

Alffleade Bjurkhow, of Hubert, passed through Brainerd today on his way to Albert Lea, where he will visit relatives for a while.

Mrs. Groves of Brainerd was in Aitkin this week on her way to visit her daughter, Mrs. Ray Lyons at Bain.—Aitkin Independent Age.

Miss Mayme Britton, a student at St. Cloud State Teachers' college, visited her parents, Mr. and Mrs. Fred L. Britton, over the week end.

Shampoo and marcel for 75 cents, March 1st, 2nd, 3rd and 4th. Hess Beauty Shop. 22712

H. H. Rosenberg, South Sixth street, returned from the N. P. hospital, St. Paul, Saturday where he has been taking treatment for the past three months.

OLD FIDDLERS CONTEST at Lyceum Wednesday night. Everybody's going. 1t

A baby daughter was born last night to Mr. and Mrs. John Frame, of Pine River. Mother and daughter are at the St. Joseph's hospital and are getting along nicely.

Miss Elizabeth Murphy left today for Belle Prairie, where she attends the academy, after spending the week end with her parents, Mr. and Mrs. John Murphy, of Northeast Brainerd.

C. Alger Andersen drove from Duluth Saturday to spend the week end at the home of his parents, Mr. and Mrs. A. B. Andersen and also visited with his sister Mrs. H. Harper Capers and baby son of Chicago.

Mrs. Melvin Bye left last Tuesday for Los Angeles, Calif., for an extended visit with Mr. and Mrs. John Rothmantl. Mrs. Rothmantl was formerly a Brainerd girl. Mr. Bye accompanies his wife as far as St. Paul.

Attention DeMolays. Important meeting tonight, March 1st. Election of officers. Acting on candidates, etc., 8 o'clock at the Masonic hall. Be there Brother. 1t

Mrs. John Goven returned yesterday to her home in St. Cloud after a two weeks' visit with her parents here Mr. and Mrs. Ben T. Evans. Her husband came from St. Cloud earlier in the day and accompanied her home.

Mrs. Thomas Whitted and children, Walter and Marshall, and Walter Emilson, all of Milwaukee, returned to their homes there today after attending the funeral of their father, Oscar Emilson, who passed away suddenly last week.

Miss Edith Barhite, a teacher in the Eastwood school, was taken to a Brainerd hospital Tuesday and the next day underwent an operation for appendicitis. She is said to be doing well toward a favorable recovery.—Aitkin Independent Age.

VAUDEVILLE at the New Park every Tuesday night, five acts, and feature pictures. 222tf

Ray Roller, mechanic of the Brown and Mills Co., drove to South Bend, Ind., to take the special course of instruction at the Studebaker factory. He will learn all about the mechanical end of Studebaker work, to be ready to give full service at the local agency.

George LaPlant of Lone Lake was operated on Monday morning in a Brainerd hospital for a chronic case of appendicitis from which he had suffered for several years. Sunday it became acute and an operation was decided necessary. He is making a good recovery.—Aitkin Independent Age.

Former commissioner E. A. Hanson, who has been in ill health for some time, was taken to Brainerd Wednesday for medical advice, accompanied by his son-in-law and daughter, Mr. and Mrs. M. G. Mather. Mrs. Hanson has returned from Christine, N. D., where she was called recently by the death of her sister-in-law, Mrs. August Swenson.—Aitkin Independent Age.

Brainerd's first tourists of the 1926 season were residents of Morton, Minn., who were emigrating to Pine River and passed through the city in two Ford touring cars on Saturday. Mr. and Mrs. J. E. Stacey and family made the trip in the cars. Two other families from Morton made the trip by train, Mrs. Willis Carruth and family, and Mr. and Mrs. W. F. Stacey and family. All of these people will live on farms about six miles southwest of Pine River.

Mr. and Mrs. H. J. Patterson and daughter, Marie, returned to their home in Musselshell, Mont., after a visit in Brainerd with relatives. Mrs. Patterson is a sister of Mrs. Ralph Mudge and Lee Mattson. A reunion of sisters and brothers was held yesterday when a brother and sister-in-law, Mr. and Mrs. Frank Mattson, and a brother-in-law and sister, Mr. and Mrs. Knute Lindberg, all of Eveleth, came to Brainerd Mrs. Patterson formerly lived in Brainerd, as Miss Hannah Mattson.

BRIEFS O FERROR FILED IN CONTEMPT CASES, COOK COUNTY

Chicago, March 1.—(UP)—Briefs of error were filed here today on behalf of Warden Wesley Westbrook and Sheriff Peter M. Hoffman, who are both under sentence for contempt in connection with their alleged allowing Frankie Lake and Terry Druggan "privileges" during the stay of the beer barons in the county jail.

The government has 20 days in which to answer the error charges.

Hoffman is under sentence of one month in jail and a fine of $2.500. Westbrook must serve four months in jail.

Judge James H. Wilkerson set the date for hearing of demurrers filed by the men as April 19. Trial date for hearing of charges of conspiracy to obstruct justice and accept bribes, now pending against Hoffman, Westbrook, Frankie Lake and Terry Druggan, was set for May 18.

Rochester Finds That Laying Down the Law For Autoists in Adhesive Cotton Is Very Effective

Workmen are shown loosening adhesive cotton warp to place in a Rochester, N. Y., roadway as a warning to motorists. The new method of transferring the letters into the pavement through the use of the sun's rays is said to be more productive of enduring results than any other. The warning lasts six months and only a few minutes work is required to replace the letters.

LENROOT SPEAKS OF GREAT LAKES WATERWAY PLAN

ITS IMPORTANCE TO WISCONSIN CANNOT BE OVER-ESTIMATED

THE FREIGHT ON WHEAT ALONE WILL SAVE N. W. FARMERS $20,000,000

Milwaukee, Wis., March 1—(UP) —"The importance of the Great Lakes-St. Lawrence waterway project to Wisconsin and the northwest cannot be over-estimated. Upon wheat alone the saving to farmers of the northwest is estimated to be $20,000,000 per year and there will be savings upon other products in like proportion."

This was the thought expressed by Senator Irvine L. Lenroot, Wisconsin, in an address here today.

Opening his address Lenroot gave a short historical review of the project from the time Charles P. Craig, in 1918, in an address in Duluth, set forth the advantages of the deep waterway connecting the Great Lakes with the sea, to the present time when the matter is still to be decided finally by congress, the American people and Canada.

"The question is often asked," Lenroot said, "why the long delay in this matter. The fact is there has been no delay on the part of the United States, but no progress can be made without the co-operation of Canada.

"President Harding upon receipt of the report of the international joint commission promptly invited Canada through the British ambassador to enter upon negotiations for a treaty. When the movement for this project was started Canada had a conservative government, which was very favorable to this project. But, as you know, the liberals came into power and then the situation was not so favorable.

"This was because the liberal members came very largely from the province of Quebec, over which Montreal had a dominating influence, and Montreal was then opposed to the project for the selfish reasons that the city of New York opposed it."

QUESTION OF RADICALS TO AIR THEIR VIEWS

Washington, March 1.—(UP) — The question of rights of radicals to assemble and express their opinions was placed before the United States supreme court today, with the filing of a brief by Charles E. Ruthenberg, high official of the communist party of America, appealing from his conviction and prison sentence of from three to ten years, imposed for violation of the Michigan syndicalism law.

Smart Afternoon Frock Is of Dark Blue Satin

Here is a smart afternoon frock of lustrous dark blue satin, with collar of champagne satin, worn high. The same color of satin forms the lower half of the tailored balloon sleeves. Panels on either side give the bouffant effect.

Two-Piece Frock Still in Fashion Limelight

The two-piece, merrily named the jumper suit, is the answer to the general demand for travel, morning wear and general utility. This type of dress promises to have a vogue as universal and as enduring as the chemise frock and the cloche hat. It is a most satisfactory all-round costume. For the trim little coat and skirt which the best couturiers are making, kasha appears to be the most successful material, with serge, lightweight cheviot, rep and the corded silks also much in demand. These little suits are of sufficient sophistication in cut to be worn by older women, and still are appropriate for younger ones. They are by no means commonplace. For all the simplicity of their composition, the most distinguished designs, both in Paris and on this side, have given importance to this fashion. Some introduce a picturesque note that is interesting, sometimes amusing. One finds a suggestion of the American cowboy's dress, of the traditional artist's suit, even of the Parisian apache. Molyneux, Worth, Poiret, Philippe et Gaston and Lanvin are all presenting some charming things of this sort. Molyneux, in particular, has designed a clever suit of staple blue serge that many women like. The jacket, which just covers the hips, is cut on the sacque-coat lines, double breasted, with long, narrow revers and side pockets. The concession to the up-to-the-minute mode is made in the skirt, which is stitched in box plaits that flare, giving to the skirt a circular appearance. The regulation tailored crepe de chine overblouse in white or some light shade is worn with the suit. A rakish air is given to the ensemble by the gray beaver hat, which shades the eyes, and a cravat scarf of bright red silk, knotted at one side.

Decorated Hosiery Is Attracting Attention

Many wonderful displays of stockings, uniquely decorated, have been seen in the last few months. These range from the beautiful to the grotesque, but the most popular seems to be the embroidered serpent in natural colors that will encircle many slim beige-clad ankles. Others will boast "anklets" of rhinestones, woven into the silken fabric and playing havoc with it whenever the leg is thoughtlessly crossed.

Other stockings boast woven or embroidered garlands of flowers, or cascades of them, either up the sides or on the front. Some have inserts of other materials, charmeuse, brocade or hand-painted silk. Anything goes, provided it hasn't been done before. Another innovation is a fine lace net stocking in black, gold or silver.

Fur Now Produced in Blue, Red and Violet

Much fur is being used on both frocks and coats this winter, and also in the most deft and artistic combinations on evening gowns and evening coats. The furs that are especially good are rabbit, gazelle, cat, souslik and caracul.

Other trimmings for both coats and dresses are paillettes, buckles of various kinds and beads. Among the smartest models shown in Paris are coats of blue velvet with trimming of white cat. Dyed rabbit skins are furnishing odd bits of color in the line of fur. This fur is now produced in the darker shades of blue, red and violet. It is employed also in narrow bands on hats.

Green Kasha Is Smart

Both two-piece frocks and sports coats for the South show the vogue of green in all its tones, and emphasize the chic of kasha.

Mr. and Mrs. James Stillman Abroad on Their Second Honeymoon After Long Divorce Wrangle

Mr. and Mrs. Stillman were photographed on their arrival at Cherbourg, France, just before their departure for Paris. Their names had not appeared on the passenger list and their intention to leave on what they termed their "second honeymoon" was not known until after they were aboard the steamer and had left New York.

NO STANDARD OF BEAUTY FOR NOSE

Many Varieties on Faces of World's Great Men.

Although the lips, the eyes, the cheek, and the brow have all received the praise and homage of writers, the nose is undoubtedly the most striking feature of the human face.

Whether it be the huge beak of the Abbe Genest, of whom they used to make fun at the court of Louis XIV, or whether it be the little button which Gibbons was pleased to call his nose, this organ is the first thing our eyes light upon when we meet anyone. Rostand could actually build a fine play round the great nose of Cyrano de Bergerac.

And then, again, what is the standard of beauty for noses; is it the aquiline, the straight, the "tip-tilted like the petal of a flower, or is it the pierced nose of the natives of Melanesia?

Although the nose is apparently the most despised feature, it is the most important. Pascal once said that "if Cleopatra's nose had been shorter the whole face of the world would have been changed," which is only another way of saying that the beauty of the face depends upon the symmetry and shape of the nose.

Many famous men have had prominent noses. Lycurgus and Colon had noses which were said to be six inches long, and amongst other possessors of great noses must be included Cardinal Wolsey and Cardinal Richelieu.

Both Ovid, who bore the name of Naso (Latin nasus—a nose), and the Roman statesman, Scipio Nasica derived their names from their very prominent noses, and Numa's nose was so long that he received the name of Pompilius, as being the owner of a superlative nose.

Another ruler who was given a nickname on account of this organ was Antiochus VIII., who was called "Grypus" because his nose was as big and as hooked as a vulture's beak.

In the medals of Cyrus and Artaxerxes the tips of their noses come clear out to the rim of the coin; Mohammed's was so curved that the point seemed to be endeavoring to insert itself between his lips, and Lavater offered to wager his reputation that he could, blindfolded, distinguish Frederick the Great's huge nose out of 10,000 others merely by taking it between his thumb and forefinger.

As opposed to these, Washington's nose was a true aquiline, indicative of great firmness, patience and heroism; Julius Caesar's was also of the same type, characteristic of patient courage and heroic firmness.

The noses of Shakespeare, Bacon, Franklin and Doctor Johnson had wide nostrils, betokening strength of thought and love of serious meditation, while Napoleon's was exquisitely chiseled, sculpturesque in mold, form and expression.

Napoleon, indeed, is supposed to have said: "When I want any good headwork done, I always choose a man, if sutable otherwise, with a long nose."

Time to Take Stock

At the approach of a twenty-fifth birthday, a century, as well as a man, may be expected to have established a character and let fall definite hints as to the future. What is to be said of the twentieth? If a balance-sheet were drawn up, would it show mankind better or worse off as a result of the last two and a half decades of wars, pestilences, crusades, reactions, discoveries, artistic and literary experiments, new philosophies? If a wise man had to choose, would he return to that remote world of 1900, as quaint, almost, and unreal, as though half a dozen generations had strewn it with their dust, or would he cling to this amazing universe he finds reflected in the morning's newspapers?—Montreal Family Herald.

READ THE WANT ADS DAILY

Never Need to Give Up

True wisdom lies in the advice Confucius gave to a man whom he found about to hang himself in a wood. "Courage!" he said. "So long as a man has life there is no need to despair. He may pass from the greatest misfortune to the highest felicity while life lasts." No; a man never need deem himself a failure on the score of age. He is a failure when he loses hope, and not till then, whatever his age may be.—Exchange.

Maybe So.

Diogenes must be looking for a filling station by this time.—Louisville Courier-Journal.

JELL-O

America's most famous dessert

Jell-O desserts are easier and quicker to prepare than any other. To the housewife who enjoys preparing original desserts, Jell-O gives her inventive powers the best opportunity. And she has the satisfaction of serving a dish attractive to the eye, satisfying to the taste and at only the cost of a few minutes work.

How to make plain Jell-O dessert.

Measure carefully, adding one pint of boiling water for each package of Jell-O used.

Add the hot water, stirring until Jell-O is thoroughly dissolved.

Pour Jell-O into the mould and set in a cool place until it stiffens.

Papaya Is Delicious

One of the most delicious of tropical fruits is the papaya, or tree melon. The tree on which it grows resembles a small palm, its slender trunk surmounted by a cluster of large leaves below which clings the conspicuous melon-like fruit. When ripe the fruit is yellow, is often 20 inches long and may weigh as much as 20 pounds. It is commonly used in the tropics for breakfast, for dessert and for salads.

Madrigal

The Madrigal is one of the older forms of choral singing. Generally, there are four parts, but often it is written in five or six parts. It is a secular composition, requiring more skill than the ordinary four-part chorus. It should be sung without accompaniment so that the different melodies are heard at the same time.

Willow Wood Preferred

The forest service says that willow wood is used in 80 per cent of the artificial limbs that are manufactured. Sometimes basswood is used. Willow is very satisfactory, as it has the combined necessary properties of lightness and strength.

"Good Morning" Club

The cheery smile and warm greeting of Police-Constable Smith on point duty in Johannesburg have led to the formation in that city of a flourishing Good Morning club. Members pledge themselves as follows: "As a member of the Good Morning club I undertake to say a happy 'Good Morning' to everybody."

Niagara Illuminated

The falls of Niagara were illuminated one night as early as 1884 by Albert Bierstadt, for the benefit of English railway men, by flashing powder on the ledge of rocks beneath the American falls. Since May 24, 1925, Niagara has been illuminated in colors for four hours every night, the lighting arrangements being made by the General Electric company.

Futurity

An Oxford lecturer prophesies that chemistry will create synthetic men. There should still be room, however, for the self-made variety.

"Busted"

Sometimes a girl's ideal is shattered, but oftener he is just plain broke.—Florence Herald.

Use of Australian Ballot

The Australian ballot was introduced into the United States in 1888. The first law providing for it was enacted in Kentucky, but it applied only to the city of Louisville. In the same year Massachusetts passed a law providing for the use of the Australian ballot in state elections, but it did not become effective until the following year.

Ostrich Feathers

It does not appear that the skin of the ostrich is ever used for making leather. These birds are bred for their feathers only. The feathers are plucked by putting the ostrich in a corral and placing a hood over the bird's head, when the ostrich becomes docile. The wings are raised and the feathers that are fully ripe are cut, without pain to the ostrich.

Labor-Saving Hint

If paper is used on your pantry shelves put on three thicknesses at once. It is as easy to cut three layers as one. They can then be removed one at a time as they become soiled, a few dishes being removed and replaced as the paper is rolled

Young vigor to old folks

"Eighteen months I suffered from stomach trouble, dizziness, nervousness and intense pain. Tanlac stopped all that. I am 73. Appetite is good, I sleep well and feel like 50. I gladly recommend Tanlac." Elias Johnson, 595 Case St., St. Paul, Minn.

One of Tanlac's greatest blessings is the new life and vigor it brings to old folks. Every day men and women up in the seventies and eighties thank us for Tanlac's wondrous benefits.

Tanlac is a natural tonic, made from roots, barks and rare herbs. Harmless to man or child. It cleans the blood, stirs up the liver and puts digestive organs in working order.

If your body is weak and rundown, if you lack ambition, can't eat or sleep, you'll be delighted with Tanlac's results. Take Tanlac Vegetable Pills for constipation.

A BOOK REVIEWER

As a book reviewer, the Anoka Herald takes first rank and even exceeds work in the same department recorded in the twin city papers. Book reviews of the St. Paul and Minneapolis papers are largely syndicated articles written in New York where the books are generally printed and it seems odd to accept books as well as the criticisms from New York.

A book review, according to our notion, should occasionally emanate from the prairies and the wide open spaces. It seems as though the West is lacking in originality and spirit if it has to import its book reviews from Gotham.

The Anoka Herald the past year reviewed several hundred books and from the lengthy list has selected 135 books which it recommends as clean, wholesome and worth while reading, enumerating the same in its issue of February 23.

Says the Anoka Herald in conclusion: "Many other books have been reviewed, but are omitted from the list mainly for the reason that, in our opinion, they are literary fodder unsuited to youthful palates—or any other for that matter."

COMING ROTARY INTERNATIONAL CONVENTION

THIRTY-THREE nations of the world will be represents at the Rotary international convention to be held at Denver in June. The Brainerd idea of using Indians in a parade will be imitated on the night of the electrical pageant, held June 14, when the parade will include 100 Blackfoot Indians in full tribal regalia.

A feature of note will be a "song fest" in which noted boy bands from the United States and Canada will take part. The "Wild West" will picture Denver in the frontier days.

Among the noted foreign visitors expected are the finance minister of Italy, from Milan; secretary of state of Czecho-Slovakia; a cabinet member from the court of Queen Wilhelmina of Holland and also many leading diplomats from Ireland, Great Britain and other countries.

ATTACKS JAMES J. CORBETT

R. R. HULL, the editor of the Motley Mercury, attacks James J. Corbett's ability as a sports writer in this fashion. "As a sports writer for leading dailies, Corbett reveals his very limited knowledge of baseball in a long article in a Twin City daily in which he says Fred Marberry, the greatest relief pitcher of all times, 'is the Senators' leading southpaw.'

"Marberry is, has been, and always will be decidedly a right handed pitcher and couldn't throw a custard pie with his left hand. The editor has witnessed 'Big Fred' in action and knows whereof he speaks and it is a sorry matter when the public has to read 'good' baseball dope written by a James J. Corbett."

SAYS Alvah Eastman of the St. Cloud Daily Journal-Press in a short editorial: "A report from Brainerd is that the Izaak Walton League of that city favors a month's extension of the fish spearing season. It is a peculiar stand for the league to take. The spear is the deadly foe of the fish, because the spearers have short eyesight and make no distinction between the outlaws and the game varieties. What the gun men are to humanity the spearmen are to the finny tribe." We think this a rather severe indictment of our winter fishermen and think that the most expert of them at least exercise a little discretion.

THE Pillager Herald mentions that "the Brainerd commercial club is getting out a map for tourists for the coming season. As reported in the Brainerd papers it shows the highways, and other roads suited for tourist travel, the lakes, including all of Gull lake, and the resorts, for which Brainerd is the center. This map will no doubt be of value in attracting tourists, and it might be worth while for the Pillager commercial club to see that this village is properly represented on it."

THE Hawley creamery report makes good reading. In three years its business has more than doubled, yet the overhead expenses remain about the same. Last year the creamery made 405,254 pounds of butter for which the net proceeds amounted to $170,227.94. The creamery also paid its patrons $15,000 for eggs and poultry.

"WHO buys the tickets?" asks the Anoka Herald. "When your church, school, or lodge, local military company, club or other organization gives a supper, a dance, a concert or any other entertainment, who buys a ticket? Is it your local merchant or the mail order house? Why not buy of your friends?"

THE government has provided for such a huge building campaign that it now requires the services of about 200 engineers and architects, which will be needed by the supervising architect's office in the execution of the public buildings planned in bills now pending before House and Senate.

CASS county also has a contest on for the office of sheriff. The seventh man to file for the office is H. W. VanSickel, who is an M. & I. brakeman and a citizen of Fairview township. Reports are circulated that 14 may be in the race before the primaries are held.

THE Ten Thousand Lakes of Minnesota Association and other organizations have joined in an advertising campaign to give publicity to Minnesota's lake region. One hundred thousand dollars will be spent in such publicity work.

THE fellows who have been raking history and trying to throw odium on George Washington, have been termed "snooping snipers" by the Minneapolis Tribune.

THE Pelican Rapids creamery did a business of $610,311 in 1925, handling 952,783 pounds of butter, eggs valued at $78,689 and poultry worth $107,020.

YOU can say this for Ben Davis apples, says the Staples World, no one ever got hit in the eye with the juice.

A RED OWL grocery is to be opened in Staples early in March.

Other People's Opinions

Communications are not to exceed 500 words. All must be signed, and will be published with name of writer.

Favors Tablets to Mark Historical Spots

Brainerd, Minn.
Feb. 26, 1926

Editor Brainerd Dispatch:

It was with great interest I read your editorial suggesting the placing of tablets to mark Brainerd's historical sites and houses.

We have so many interesting bits of history connected with Brainerd which are rapidly becoming obliterated as the city grows and becomes modernized.

The fact that our jack pine forests lake shores and river banks were once the hunting grounds of our Chippewa Indians, is ever a source of interest and romantic allurement to our tourists. It certainly would enhance the interest of our stranger-friends if they might see a tablet with the date and a few lines of information.

Our old Indian Trading post on the Mississippi should be made into an attractive tourist shop. Would it not be an alluring and interesting place to take our tourists to a shop filled with bead work and relics?

I know where there is a large silver medal—engraved on one side and the picture of George III on the reverse side—which was given an old Indian chiefs grand father for acting as a scout and guide for a British regiment. There was an old English red coat too.

It seemed unfortunate to me, that it was necessary to change the names of the streets in Northeast Brainerd to letters, when the names of Kindred, Farrar, Forsythe, Gillis, Schwartz, Woodward, Prescott, Whitely, Elder and Walker had been so carefully selected through sentiment and association. There is an avenue in our city which is bordered with tremendous maple trees, the history of which was most interesting to me.

Over forty years ago Judge Holland sent Mrs. George Forsythe a sack of maple seed from Vermont—and these were planted in her yard and when old enough to transplant were set out along the different streets and avenues. What could be a greater tribute to our city?

For those who built our city upon faith, let us place our tablets that they may live through memory.

RUTH ROSSER MIDGLEY.

$34,068 WARRANTS FOR WOLF BOUNTIES

St. Paul, March 1.—(UP)—Warrants for $34,068 were issued by the state today in payment of wolf bounties.

The warrants were made payable to the various counties which have during the last four months paid the bounties, for reimbursement, according to Ray P. Chase, state auditor.

HOWARD P. WOODBURY, EDITOR, PASSED AWAY

Columbus, O., March 1.—(UP)—Howard P. Woodbury, editor of the Columbus Citizen, died at McKinley hospital today from peritonitis which developed from acute appendicitis.

Woodbury underwent an operation Saturday.

MRS. FISHER, 95, "MOTHER OF TEXAS," CAPTURED BY INDIANS WHEN LITTLE GIRL

Mrs. Rebecca Fisher, 95 years old, who has been ill at the home of her daughter at Austin, Tex., is recovering and expects to become a centenarian at least. She and her brother were stolen by Indians when their parents were killed and they were tomahawked and left for dead when troops pursued the redskins. Mrs. Fisher, known as "The Mother of Texas," organized the order of the Republic of Texas and has been its president for 32 years.

VOLSTEAD SAYS CRIME WAVE NOT DUE TO PROHIBITION

St. Paul, March 1.—(UP)—Prohibition was in no way responsible for the recent crime wave in the United States, Andrew J. Volstead declared in an address before the Republican Women's club here today.

In defense of national prohibition, Volstead pointed out that crime waves similar to that which has swept this country have also affected France and England since the war. Similar conditions were responsible in all three countries, he said.

He cited statistics issued by the United States department of justice to show that conditions have improved since the prohibition law took effect.

Short Line Railways Handicapped by U. S. Supreme Court Decision

Washington, March 1.—(UP)—Short line railroads cannot recover from the government for losses during the government operation period, the United States supreme court held today.

A court of claims decision holding that the Marion & Rye Valley railroad company, operating an 18 mile road from Marion to Sugar Grove, Va., was not entitled to $14,425 damages sought, was affirmed.

The government regarded this as a test case as many short lines have suits pending charging that government control caused them losses.

MARCH 22, 1923
1,000,000
G-15-32
DECEMBER 16, 1925
1,500,000

On March 22, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—the next half million in two years and nine months.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, within two years.

These bare figures tell a graphic story of Buick's continuous advance in public regard. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Better Buick.

Leadership* belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "finer transportation at lower cost", *and Buick provides it!*

*For eight consecutive years Buick has led, in volume of sales, all members of the National Automobile Chamber of Commerce.

TEXTILE WORKERS MAY DEFY ORDERS IN PASSAIC, N. J.

ANTIPICKETING EDICT LEVELED AT STRIKERS IN TEXTILE MILLS

POLICE CHIEF ASSEMBLES 300 MOUNTED POLICE TO PRESERVE ORDER

Passaic, N. J., March 1.—(UP)—Passaic and vicinity today awaited the outcome of threats by striking textile workers that would defy the anti-picketing order of Police Commissioner Abram Preiskel.

Albert Weisberd, strike leader, said he had assurance that 2,500 of the 12,000 idle workers would gather to picket outside those mills now in operation. Commissioner Preiskel announced he would have 300 mounted police on hand to disperse any such mob.

"I have hired every available horse in Passaic," Preiskel said. "These will be used by special police. I have ordered these men to warn the strikers not to picket. If the picketing goes on my men shall ride down all those who occupy the public streets and sidewalks. The maximum of strikers in a picket line in any plant will be 14."

Passaic, N. J., March 1. — Four arrests marked a parade of close to 3,000 textile workers outside the plant of the Botany Worsted Mills today. One hundred uniformed police and six detectives stood by to prohibit group picketing but no attempt was made to defy the city's anti-picketing order.

LITTLE COUNTRY GIRL RUNS AWAY WITH MARRIED MAN

Milwaukee, March 1.—(UP)—Alice M. White, 20, little country girl, whom Mrs. Frederick L. Senderhauf had been instrumental in hiring as secretary for her husband, because she did not use rouge, was today sought with Mrs. Senderhauf's husband, on a statutory charge, following their disappearance last week.

Warrants were issued Saturday night after Mrs. Senderhauf appeared at the office of Assistant District Attorney Bowman and told her story.

She declared she and her husband had been married 16 years and that up until a year ago, she had worked in Chicago. Upon her arrival here to set up housekeeping, she told authorities, her husband confessed intimate relations with the girl and asked her to forgive him. She said she forgave him under condition he would have nothing more to do with the girl.

Recently the girl, who had left for her home at Wabeno, came to Milwaukee. Mrs. Senderhauf said she came to her husband's office one day while she was there and a scene followed.

Late last week the husband disappeared and Mrs. Senderhauf learned the girl had also gone.

Mrs. Senderhauf said she also learned that her husband sold his home for $16,000

Search for the pair today led to Canada.

Tristate Telephone & Telegraph Co. Report

St. Paul—The Tristate Telephone & Telegraph company had a net income for the year 1925 of $1,077,099.10. It is the first time in the history of the company that the million mark was reached.

DR. A. W. CHASE'S TONIC PILLS

THE WELL-KNOWN MEDICINES OF THE FAMOUS RECEIPT BOOK AUTHOR

Tonic Pills

Even if you are enjoying Good Health. Guard it.

The daily use of

DR. A. W. CHASE TONIC PILLS

will keep the blood pure and is a Tonic to the entire system. • • •

Read what Frank Sprencel of 452 W. Jefferson St., Valparaiso, Indiana, says:

"Dr. A. W. Chase's Tonic Pills are helping me in every way possible as I was in bad shape when I began the use of them. I am feeling better every day. The treatment is working wonders in my case, as my case is about 38 years standing."

Something to Do These Winter Evenings---Get Busy, Letter Writers, On the Farm

FARMING IN CROW WING COUNTY

Here's a prize contest open to every farmer in Crow Wing county. Write your experience in farming, letters must not run over 300 words. We want nice, encouraging letters from people who are doing things.

Tell us your experiences in farming, dairying, small grains, poultry raising, land clearing, etc.

These merchants of Brainerd have joined with THE DISPATCH in this contest and are offering suitable prizes. The letter contest continues throughout the month of March.

First Prize—$5 in trade, donated by Northern Home Furnishing Co.

Second Prize — Year's subscription to Brainerd Daily Dispatch, donated by Brainerd Dispatch Company.

Third Prize—$2 in trade, donated by Judd Wright & Son.

Address your letters to Farm Editor, Brainerd Dispatch, Brainerd, Minnesota. The best received will be published. Early in April a committee will award the prizes. Be sure and sign your name and complete address to your letter.

WHAT HAS RADIO DONE FOR YOU

Prize contest open to all Farm Folks. Write THE BRAINERD DISPATCH a letter telling how radio has benefited you, how you enjoyed the programs, what you liked best. Letters must not run over 300 words.

The radio is driving out the isolation and bringing the farm home in closer touch with the world. Its lectures, its market reports, its music, its church services, etc., all are appreciated.

Dealers of Brainerd have joined with THE DISPATCH in this contest and are offering suitable prizes. The letter contest will continue during March.

First Prize—$5 in trade, donated by Brainerd Electric Co.

Second Prize — $3 in trade, donated by Taylor Sales Service.

Third Prize—$2 in trade, donated by Folsom Music Co.

Address your letters to Radio Editor, Brainerd Dispatch, Brainerd, Minn. The best will be published as received. Early in April a committee will award the prizes. Be sure and sign your name and complete address to your letter.

AND A CONTEST FOR FARM CHILDREN

This contest is open to every farmer boy and girl attending rural school. Write a letter of not over 100 words telling the funniest thing that ever happened to you.

These merchants of Brainerd have joined THE DISPATCH in this contest and are offering suitable prizes. The letter contest continues March and April.

First Prize—Year's Subscription to Youth's Companion, donated by Service News Agency.

Second Prize—$1.50 Box of Stationery, donated by Brainerd Office Supply Co.

Third Prize—$1 Cash, donated by John A. Hoffbauer.

Address your letters to STORY EDITOR, Brainerd Dispatch, Brainerd, Minn. The best received will be published. Early in May a committee will award the prizes. Be sure and sign your name, age, school you attend and your address to your letter.

HANGED HIMSELF WHILE INSANE

BODY OF IOWA MAN FOUND SUSPENDED BY TOWEL FROM STEAM PIPE

Fairfield, Ia., March 1.—(UP)—Luis Bruey hanged himself in the county jail here Sunday while temporarily deranged. His lifeless body was found suspended by a towel from a steam pipe in the corridor of the death cell in the jail here.

Bruey was awaiting trial for the murder of Sam McNeese, 18, traducer of his daughter, Edna Bruey, 14 years old. The trial was scheduled to start this week and Bruey planned to enter a plea of temporary insanity. Edna, his daughter, already motherless and orphaned by the act, expects to become a mother in a few weeks.

Young McNeese, a neighbor of the Brueys, was shot to death by the irate father, December 5. The night before the father had learned from his daughter of her intimacy wth McNeese, and he set about making plans for the murder.

Mill City Bandits Committed 6 Thefts Sunday

Minneapolis—Bandits did an even half dozen jobs Sunday. Six people were robbed of about $125 by stick-up men. One taxi driver lost $15 when a passenger held him up at the end of a trip.

Chippewa Indian Relief

Cass Lake — Northern Minnesota Chippewa Indians will receive $50 relief checks from the government during the coming three weeks. Payments will be started here tomorrow. Each Indian over 18, including married women, is entitled to the payment.

Victim of Gas Poisoning

St. Paul—Albert Nelson, 45, was found dead in a rooming house yesterday, victim of gas poisoning. The coroner's verdict was suicide.

Makes home cooking taste like the creation of an expert French chef. Just a dash of Kitchen Bouquet—and soups, stews, gravies and sauces take on a new and appetizing flavor and color. A remarkable liquid flavoring prepared from the aromatic juices of choice garden vegetables.

Macaroni Supreme

2 teaspoonfuls Kitchen Bouquet; ½ package Foulds' Macaroni, 1 large tablespoonful flour, 2 tablespoonfuls butter, 2 tablespoonfuls onion chopped fine, 2 cups milk, cheese. Break macaroni in inch pieces, throw into boiling salted water enough to cover well, and cook until tender. Rinse well in cold water. *Prepare a sauce as follows:* Into a saucepan place the butter and onions and let simmer, but not brown, for ten minutes; then add flour, stirring well. Add the milk gradually and stir until smooth. Put cheese to make one cupful through the food chopper, add the Kitchen Bouquet, and mix well, then add to the sauce. Mix sauce and macaroni together, reheat and serve.

WILLMAR P. O. ROBBED OF ABOUT $500 TODAY

LOOT TAKEN BY BURGLARS WAS FROM CASH AND STAMP DRAWERS

FLED BEFORE THEIR ATTEMPTS TO OPEN LARGE VAULT WERE SUCCESSFUL

Willmar, Minn., March 1.—(UP)—The Willmar postoffice was robbed of approximately $500 in cash and stamps early today by burglars who fled before their attempts to open the large vault were successful.

The loot was taken from cash and stamp drawers.

Two holes had been burned in the door of the main vault with an acetylene torch but it held fast. Apparently the robbers were either frightened away before completing their task or their gas was spent.

A rear window had been forced to gain entrance. The two drawers from which the money and stamps were taken had also been pried open.

A garage attendant across the streets from the post office saw a light touring car drive from the alley behind the building at 4 A. M. He investigated, to find the post office burglarized.

Posses immediately went in pursuit of the bandits and officials in nearby cities were notified but up to noon no trace of the burglars had been found.

East Indian Wisdom

If none responds to your call, follow the path all alone, all alone. . . . If again in the stormy night you do not find a single soul to hold the light for you, and they all close the doors against you, be not faint-hearted, but take a rib out of your side, and light it with the fire of lightning, and then, follow the Gleam, follow the Gleam.—Rabindranath Tagore.

Pioneer in Education

Franklin Institute in Philadelphia is the oldest institution in the United States devoted to the study of the mechanical arts and applied sciences. It was founded in 1824 at a meeting of citizens held in Congress hall. Up to 1832, when the city started a high school, the institute served as the forerunner of the Central high school.

NEGRO ASSAILANT FOUND INSANE

RUFUS E. BROWN, WHO ATTACKED SMALL BOY, TO BE TAKEN TO HOSPITAL

Milwauke, Wis., March 1.—(UP)—Rufus E. Brown, 60, alias "Three Fingered Dad," negro, who was arrested in connection with the attack upon Michael Lecher, 8, and who confessed the crime when questioned by police, was today found insane by a sanity commission.

He will be removed to the hospital for the criminal insane at Waupun.

Expelling Students Because They Marry

Milwaukee, Wis.—Expelling students from college because they marry is too drastic a step, Dr. Edward A. Fitzpatrick, Marquette university, and President Frank D. Baker of the Milwaukee normal school, said, in commenting upon the recent dismissal of a couple from Northwestern university because of their elopement and marriage.

Flood Fears Allayed

Yankton, S. D.—Ice jams which piled 20 to 30 feet high at Greenwood, S. D., and made the Missouri dangerously high, broke up yesterday and fears of floods were removed. Farmers who had moved from the lowlands were returning to their homes today.

Get Red Box with portrait

YOU ARE ENTITLED TO KNOW THE FACTS!

20,000,000 motor vehicles now travel the American highways.

50,000,000 Americans ride in these cars every day in the year.

Safety for this vast army of travelers is a national issue, and where *safety* is involved plain speaking is a public duty.

It is high time the public realized—as experts have long realized—that automobile bodies should be made of *steel*—not of wood or any other fragile material.

Indeed, it is one of the mysteries of this usually progressive industry that the all steel body is not *already* in universal use.

It *will* be before long. Public opinion will *demand* it—as it now demands that railway sleeping cars be all steel.

For even a child knows that steel is stronger than wood—that steel will not splinter or burn—and that all steel bodies will stand up under impacts that would crush ordinary bodies to bits.

That is why Dodge Brothers pioneered in *introducing* the the all steel body—pioneered again recently, in *improving* and *perfecting* it—pioneer, now, in *urging its adoption* by every automobile builder in the world.

The issue is plain—

Manufacturers must build safely if the automobile industry is to hold its present high place in public usefulness and esteem.

And the all steel body—as exemplified in Dodge Brothers Motor Car—is the greatest single advance in motoring safety made in the last fifteen years.

The car will continue to be a "four." No reasoning buyer will be distracted from the issue of QUALITY by mere CYLINDER propaganda.

DODGE BROTHERS MOTOR CARS

PREDICTS DEMPSEY-TUNNEY GO IN 1926

DEMPSEY-WILLS BOUT IS NOT SURE THIS YEAR

TEX RICKARD AND DEMPSEY GIVE OUT INTERVIEWS IN NEW YORK

BELIEVED NEW YORK MAN HAS THE HEAVYWEIGHT FIGHT SEWED UP

By HENRY L. FARRELL
(United Press Staff Correspondent)

New York, March 1.—No heavyweight championship match is in the making and if there is one in 1926, it will be between Jack Dempsey and Gene Tunney. This was learned following a brief visit here by Dempsey and the return from Florida of Tex Rickard.

"There was a chance in that offer from Philadelphia to meet Wills this summer, but just when serious talk started the mayor came along and said there was no chance," Dempsey said. "I'll bet you all the high powered real estate that I have just seen that Dempsey and Wills do not meet this year," Rickard said and added, "but I would not bet that Dempsey and Tunney do not meet."

Rickard denied that he had talked business with Tunney in Florida.

It has ben understood for some time, however, that Rickard had reached an agreement with Dempsey and with Tunney and that his only remaining problem was to get the Dempsey case straightened out before the boxing commission.

Dempsey, it will be recalled was ordered by the commission to accept the challenge of Harry Wills but Dempsey met the order with a request that when he signed any kind of a paper, the commission would have to sign one that the fight could be held in New York.

Several years ago Jack Kearns signed contract for Dempsey to accept the Wills challenge and for some strange and weird reason the commission sent out the word that stopped all further negotiations.

The champion refused to make any kind of a comment on the commissioners, personally or professionally, he intimated, however, that he would return to New York as soon as he finished his exhibition tour and that he might go before the commission and ask permission to engage in two bouts in New York before accepting the Wills challenge.

SPORT TABLOIDS

Lewis to Meet Stassiak

Chicago — Ed "Strangler" Lewis, claimant to the world's heavyweight wrestling championship, will meet Stanley Stassiak in a finish go here tonight. In another show Joe Stecher, "scissors king" will meet Joe Calaza, crack Italian wrestler.

All But 3 N. Y. Regulars Signed Up

St. Petersburg, Fla.—With the exception of Bob Meusel, Erin Ward and Sam Jones, all of the New York Yankee regulars have signed their contracts.

Wisconsin to Meet Michigan

Madison, Wis. — Wisconsin meets Michigan here tonight in the last home basketball game of the season. While the Badgers have gone into a slump in the Big Ten percentage column, they are favored to win over the heavy Wolverines tonight.

Columbia Holds Lead in Basketball

New York—With six victories in seven games Columbia still holds the lead in the Eastern Intercollegiate basketball league. Dartmouth and Pennsylvania are tied for second place.

Effects of Emotions

The voice of animals and of human beings shows similar changes of quality under similar variations of emotion. This facts shows that similar internal changes are taking place, since the voice is merely the inward and material movement rendered outward and audible by the existence of complete vocal apparatus in action. The only animals which can rightly be called "dumb friends" are the humble members of the animal kingdom without vocal cords. But though insects are voiceless, yet they communicate their emotional changes by sound-vibrations resulting from rapid body movements.

Eve's Good Taste

There is a sort of gratitude at the bottom of every man's heart toward the woman, any woman, who tells him that she loves him. You may call it vanity, but why call names? No, it is not vanity. I am grateful to the woman who gazed tenderly into my eyes, even if I could not or would not reciprocate. She has given me something that she did not owe me. Given me something I did not expect to get. Good soul, honest soul! What excellent taste she has!—From "Prisoners," by Franz Molnar.

HELEN WILLS DEFEATS YOUNG SPANISH CHAMPION

Monte Carlo, March 1.—(UP)—With a victory over Senorite D'Alvarez, Spanish champion, which carried with it the Duke of Connaught's cup, Miss Helen Wills, American champion, continued her conquests of the European tennis stars.

The Spanish girl was the last of the continental stars to try her game against the young American champion, and she went down in the final round of the Monte Carlo tournament 6-2 and 6-3.

In addition to wining the singles cup Miss Wills scored also in the open doubles, when she and Mlle Henrietta Contoslavos defeated Mlle Vlasto and Senorite D'Alvarez at 6-3 and 8-6.

RAINBOWS END SEASON WITH 40 TO 21 WIN

BERESFORD MAKES 9 GOALS, 3 FREE THROWS IN SCORING RAMPAGE

BOLLENS AND LARSON DROP IN 4 FIELD GOALS EACH, FIRST QUARTER 15 TO 0

The Rainbows went through their Duluth opponents Saturday night like a razor blade boring machine might go through a paper wall, out-doing, out-playing and out-shining the French Athletic club representatives by a score of 40 to 21.

This was the last game of the season for the Rainbows, and by winning they boosted their average for games won and lost to 8 wins and 7 defeats, over an even break for the season's activities.

Beresford led the attack, and his efforts alone were enough to tie all that the Frenchmen could do. He scored as many as their whole team, 21 points. His counters came on 9 field goals and 3 free throws. He was well-night unstoppable when he came near the basket. A flick of the wrist and the ball dropped into the net.

Bollens, with 4 field goals, and Larson with 4 field goals and 1 free throw, aided Beresford in his rout of the invaders. Both these men were great helps in this last game, the worst defeat administered to an opposing team by the Rainbows this year.

Orth and Heikiknen played remarkable games at guard, and each counted in the scoring with one free throw. Their defensive work was above par, the Duluthians having a difficult time trying to locate the basket with this pair on the jump every minute. Heikkinen went out of the game in the last quarter with four personal fouls, and Dieckhaus finished the game in his place.

Lowe refereed the game in excellent manner.

Rainbows	Fg	Ft	Ftm	Pf	Tp
Bollens, rf.	4	0	2	0	8

Totals	8	5	4	12	21

Blues 17, Whites 13

In the preliminary game, the Blues defeated the Whites by a score of 17 to 13, with Viola DeCausemaker and Kathleen O'Brien starring. The former made five field goals and one free throw. O'Brien made three field goals.

For the losers, Fern Lewis starred with four field goals. Gallagher made two field goals and one free throw. Helen Beggs refereed.

Charley Peterson to Referee

New York—Charley Peterson, St. Louis, has been accepted as the referee for the world's balk line billiard championship to start in Philadelphia on March 9 between Jake Schaefer the champion, and Erich Hagenlacher, Germany.

To Cost More to See Pirates Play

Pittsburgh, Pa.—With the exception of bleacher seats, which remained at "four bits" it will cost Pittsburgh fans 25 cents more on the ticket to see the Pirates play this season.

High Salary Paid Captain

Clearwater, Fla. — Zach Wheat's acceptance of a one year contract for $16,000 makes the slugging captain the highest salaried player on the Brooklyn club.

TEX RICKARD TO EXTEND ACTIVITIES

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 1.—Feeling that the public is only beginning to be influenced by the professional sport craze, Tex Rickard is looking around for other spots to extend his activities.

He is considering a proposition to erect a huge arena in Chicago patterned after his New York Garden and Florida boosters have interested him in considering Miami for another one.

Rickard follows the business policy of—"I'll take a shot on anything where there is a chance to make money"—and he has been so successful that he can afford to take long shots.

When the owners of old Madison Square Garden decided to raze the building and erect an office building in its place, Rickard wasn't disturbed.

"We've outgrown this old building," he said. "It was never intended for our needs. Guess we'll have to move up town and build a new one."

When Rickard announced that he had an option on the old Eighth Avenue car barns within a stone's throw of the busiest section of Broadway and was ordering plans for a $5,000,000 enterprise, real estate men thought he was crazy.

It wasn't the first time that conservative business men questioned his sanity. It will be recalled that he was almost hauled before a lunacy commission when he said he would pay Jack Dempsey and Georges Carpentier $500,000 to meet in the ring and that he would build an arena that would seat 90,000 spectators.

He had the last laugh, however, when he put it across and counted more than a million and a half dollars in the box office. How much of it was left after all the tolls had been paid is not known but there must have been a neat profit.

Those who thought his new Garden would wreck the Wall Street men who put up the money for him had another thought coming when figures were shown that $524,460 were taken in at the gate for the first ten boxing shows in the Garden. The receipts were $150,000 more than for the same corresponding period in the old Garden.

Boxing is only one of the many activities in the Garden as the rules of the commission limit a club to one show a week.

Professional hockey has been even more successful in drawing money than boxing and considering the small expense encountered in promoting hockey, the profits are larger in the long run than boxing.

The six-day bike race is a huge money maker and it is likely that the promoters will realize a net profit of more than $200,000 for the two shows.

Fancy revenue is also obtained from the rental of the big exhibition arena in which the poultry show, the dog show and the horse show are held and from many other smaller exhibitions.

Now that Rickard has put it over and looks to be headed for a fortune the wise boys are cracking that he isn't a genius and that the field was so good he didn't take any chance.

ILLINI ARE STILL ON TOP OF CAGERS' LIST

HOWEVER NOT IN SUCH GOOD POSITION AS AT THIS TIME LAST WEEK

THIS WEEK'S PLAY EXPECTED TO GIVE A GOOD LINE ON CHAMPION

Chicago, March 1.—(UP) — Retaining its lead in the Big Ten race by breaking even with Chicago and Michigan during last week's games, Illinois' basketball team is still on top at the beginning of the last two weeks of play, but not in such good position as at this time last week.

Three teams have won the same number of games as Coach Ruby's men, but have lost one more. Two others have won one less and lost one more.

This week's play is likely to give a good line on the champion as five of the six leaders meet one or more of the other contenders.

Tonight Purdue meets Illinois.

Wisconsin will meet Michigan today and Minnesota Friday night, while Indiana plays Northwestern tomorrow. Purdue looms as the real test for Illinois. If the boilermakers win from the Illini tonight they should finish at least near the title for they should have no trouble in beating Northwestern in their last game.

Michigan's victory over Illinois last week was a distinct upset and strengthens considerably the Wolverines' chances against Ohio State, another contender, Saturday night.

The standings—

Team	W.	L.
Illinois	6	3
Purdue	6	4
Ohio State	6	4
Iowa	6	4
Indiana	5	4
Michigan	5	4
Wisconsin	4	5
Chicago	4	7
Northwestern	3	6
Minnesota	2	6

BOBBY JONES TO PLAY WALTER HAGEN

HAS BUT A THIN CHANCE OF EVENING ACCOUNTS WITH RIVAL

Sarasota, Fla., March 1.—(UP)—Bobby Jones of Atlanta, national amateur champion, has one thin chance of evening accounts with his peerless rival, Walter Hagen, when they play the second 36 holes of their 72 hole match over the Pasadena course at St. Petersburg next Sunday.

Hagen, playing at his best, overwhelmingly defeated the youthful champion in the first 36 holes over the Whitfield estates course here Sunday, eight up.

JOHN FARRELL WINS BY BUT A SINGLE STROKE

Tampa, Fla., March 1.—(UP)—The victory of young John Farrell in the Florida open golf tournament gained by one stroke Sunday in an 18 hole play off with Bobby Cruikshank 73 to 72 was the second important triumph for the 24 year old pro in Florida this season. He annexed the Sanford open against stiff competition last month.

During the play off Cruikshank drove into a copse on the 11th hole and he used two strokes to get out. It cost him the title, which was the third Cruikshank had lost by a margin of one point. He lost the Texas open to MacDonald Smith by one stroke and the south central open to Bill Mehlhorn by one stroke.

SECONDS, GIRLS PLAY STAPLES

RETURN GAMES WITH STAPLES TEAMS SCHEDULED FOR WEDNESDAY, MARCH 3

The Brainerd second team and the girls' team will play the teams from Staples in return games at the local high school Wednesday night.

In the first games played, at Staples two weeks ago, both teams came through for victories. The second team won from the Staples seconds by a 24 to 8 score, while the girls won their game 11 to 2.

Both teams have won games since then, also, the seconds going to Pequot last week, Thursday, to win from that town 27 to 22, while the girls wandered over to Motley Friday night to take the girls team of that place into camp by a 22 to 9 score.

The games Wednesday will be the last games for these teams, and fans are urged to get out and see them. A double bill with plenty of action and full of thrills.

Children Equal

Girls and boys now share equally in the estates of their parents who die intestate, under a new English property act recently passed. Previously the eldest son inherited all real estate, and only the personal property was divided among the other children.

Uncle Eben

"When a man has loafed 15 or 20 days out of a month," said Uncle Eben, "I can't take no interest in his efforts to tell me dat de trusts is 'sponsible foh his financial troubles."—Washington Star.

Awaiting an Answer

An epigrammatist says, "If you don't want to be shunned by your friends keep your troubles to yourself." But if you can't ask their sympathy and receive it, what is the use of friends?

BRAINERD STARTS PREPARING FOR DISTRICT MEET

8 DISTRICT TEAMS WILL VIE FOR HONORS AT CROSBY-IRONTON

STAPLES, LITTLE FALLS AND CROSBY-IRONTON SEEM STRONG

Brainerd this week is preparing for the district tournament which will start Friday afternoon at Crosby-Ironton high school. Seven other teams in the district are doing likewise, all hoping for the aid of fate that ofttimes spells the difference between utter rout and championship honors.

Mindful of last year's tournament, with the championship going to a dark horse, Pine River, each team will go into the tournament with the idea that every game is a crucial one.

After Pine River had barely nosed out Wadena in the opening game last year, and Crosby-Ironton had decisively defeated Brainerd in the first round, few gave even an outside chance to Pine River to carry off the honors. Not even an ardent admirer of that team would claim that they were the strongest team in the district through the season. And yet they were the winners of the tournament because they were easily the strongest team on the floor of the meet.

Mindful of all the dispelled hopes of last year, the other teams are taking no chances at a repetition of that occurrence. Brainerd with the rest is working hard to prepare for the fray.

On the face of things as they stand now, Brainerd has about as good a chance as any team to cop honors. Little Falls, Crosby-Ironton and Staples seem to have the strongest teams right now, with Staples perhaps a little to the good. But Little Falls must meet Crosby-Ironton in the first round, and one will be eliminated. The winner then will meet the Staples-Wadena winner, which is almost certain to be Staples. So by the end of the second round, at least two of these three will be out of the running, and all three may be if Wadena should do a Pine River stunt and win both its games.

In the meantime, Brainerd is meeting a weak team, Motley, in the first round, and if returned winner in that game, will meet the Pine River-Aitkin winner next. These two are about the weakest in the district this year, and Brainerd has decisively defeated both. So only a miracle, or an absolute loss of basketball skill, can keep Brainerd out of the finals, and then they will meet a team that will have played two wearing games already.

Brainerd's line-up will be composed of the folowing men: Capt. Tribur, Lowe, Lawrenz, Whitlock, Orth, Avery, Fitzharris and Marshall.

The games of the tournament are as follows:

FRIDAY, MARCH 5

3:00 P. M.—Brainerd vs. Motley.
4:00 P. M.—Pine River vs. Aitkin.
7:30 P. M.—Little Falls vs. Crosby-Ironton.
8:45 P. M.—Staples vs. Wadena.

SATURDAY, MARCH 6

9:30 A. M.—Winner of Brainerd-Motley game vs. winner of Pine River-Aitkin game.
10:30 A. M.—Winner of Little Falls-Crosby-Ironton gave vs. winner of Staples-Wadena game.
8:00 P. M.—Finals between survivors of two previous rounds.

TY COBB IN EYE CLINIC

NATURE OF ILLNESS NOT DISCLOSED BY SURGEONS IN ATTENDANCE

Baltimore, Md., March 1.—(UP)—Tyrus Cobb, manager of the Detroit baseball club of the American League, entered Johns Hopkins hospital today as a patient of Dr. William Holland Wilmer, head of the Wilmer eye clinic.

Physicians attending him declined to comment on the nature of his illness, but expressed an opinion that he will only be required to remain at the hospital today and probably tomorrow.

Cobb sent word from his room at the hospital that he was not prepared to make a statement regarding his illness, until after the result of his examination was made known to him by physicians.

His physicians intimated that his illness will in no way prevent him joining his team during the training season in the south.

SILAS HALL DIED EARLY SUNDAY

Resident of Brainerd Almost Half Century, Coming Here in 1879

FUNERAL HERE TUESDAY

Member I. O. O. F. Since 1868, Charter Member Brainerd Fire Department

Silas Hall, a resident of Brainerd since 1879, passed away at the N. P. hospital at St. Paul at 1:20 a. m., Sunday, Feb. 28, death resulting from complications, at the age of 78 years.

"Si," as he was affectionately called, was a familiar personage to Brainerd citizens, having conducted a dray and transfer line in this city from the time he came to Brainerd until 1924. He delivered freight to the Dispatch office for over 40 years.

The deceased was born in Richmond, Province of Quebec, on Dec. 16, 1847, and came to the United States when he was 16 years old. He was married to Marion Forbush at Fond du Lac, Wis., in 1870. They came to Brainerd in 1879, and have made their home here ever since.

In October, 1925, he went to St. Paul to live with his daughter, Mrs. E. R. Hetting. He became ill on Feb. 20 last, and was taken to the N. P. hospital on Feb. 21, passing away there just one week later.

Besides his wife, who survives him, Mr. Hall leaves two daughters, Mrs. B. J. Carr, of Montreal, Quebec, and Mrs. E. R. Hetting, of St. Paul, and three sons, Ray and Roy, of Brainerd, and Alba, of Minneapolis.

Mr. Hall was an honorary member of the Minnesota State Fire Department association, and a member of the Brainerd Fire Department since it was first organized. He has been a member of the Odd Fellows lodge since 1868, and has filled all the important offices connected with the Odd Fellows lodge. He was presented with a second Veteran's Jewel in 1919.

From the time he arrived in Brainerd, he has lived at 209 N. 5th street. About a year ago he rented out the residence, and went to visit friends and relatives in Montreal.

Dr. B. I. Derauf, formerly of Brainerd, took care of Mr. Hall while he was at the N. P. hospital.

The funeral will be held from the First Methodist church on Tuesday, March 2, at 2:30 p. m. The remains may be viewed at the D. E. Whitney undertaking parlors until 11 a. m. Tuesday, when they will be taken to the church.

NOTICE ODD FELLOWS

All Odd Fellows are requested to assemble at our hall at the hour of two o'clock p. m. Tuesday, March, 2, 1926 to attend the funeral of Brother Silas Hall.

C. B. PETERSON,
1t Noble Grand.

St. Francis Guild

St. Francis Catholic Guild will meet this week on Tuesday afternoon, March 2, at Knights of Columbus hall at 2:30 o'clock.

The ladies entertaining are Mesdames Ed. Murphy, J. F. Mahron, Amos Maghan, Michael Marea, W. S. McClenahan, Frank McCaffrey, Martin Nelson, Evelyn Larkin, Frank Lowey, Annie O'Neil. A large attendance is desired and visitors are welcome.

WIEDL'S SHADY POINT RESORT

6 New Cottages With Store Added to Summer Resort, Formerly Armstrong's Point

Mr. and Mrs. Louis Wiedl have purchased the summer resort formerly known as Armstrong's Point, and are getting the resort in shape for the coming season.

Six new cottages have been built, each for from 4 to 6 people, and furnished complete for housekeeping. A grocery store on the grounds will handle home made bread, cakes, pies, and other articles throughout the season.

The resort is ten and one-half miles southeast of Brainerd, on South Long Lake, and has fine bathing beach and fishing grounds. Boats and bait will be on hand for the guests.

MARION STRINGHAM CONTINUES TESTIMONY

Chicago, March 1.—(UP)—Marion Stringham, one of five accused of complicity in the murder of "Grandpa" Nusbaum, continued his testimony in the trial of J. M. Winn and "Grandma" Nusbaum today. Both Winn and Mrs. Nusbaum are on trial for the murder of Nusbam.

Stringham under cross examination told how Winn had detailed facts of the murder, especially reiterated his direct testimony.

Stringham, Mrs. Delilah Martin and Edward Goff have admitted their part in the slaying and implicated both Winn and Mrs. Nusbaum. Mrs. Martin and Goff have already testified.

Attorney Alfred S. O'Connor, representing the defense, intimated today that he may introduce an insanity plea for Winn.

COUNTY FILINGS

2 Candidates For County Superintendent, Mrs. Irma Camp Hartley and Miss Millena Vanasek

Two candidates are in the field for the office of county superintendent of schools. Mrs. Irma Camp Hartley, present incumbent, is one of the candidates, and is opposed by Miss Millena Vanasek, teacher in the Harrison school of this city. Both filed their entries on Saturday.

J. C. Congdon Circle

Regular metting of the J. C. Congdon Circle, No. 89, ladies of the G. A. R. will be held in the I. O. O. F. hall, Tuesday, March 2, at 2:30 o'clock. A full attendance is desired, as there will be important business.

Health Service Society

The Health Service society of the Northwestern hospital will meet tomorrow afternon at 3 o'clock. Mrs. Theo. Nesheim and Mrs. B. Larson will entertain. Members are urged to be present. Visitors are welcome.

MRS. McKNIGHT SPEAKER OF EVENING

Her Topic at Dinner on Tomorrow Evening Will be "Citizens in the Making"

IS A MAGNETIC SPEAKER

Dinner to be Served by Young Peoples Department of M. E. Sunday School in Church Basement

Mrs. Sumner McKnight of Minneapolis speaks tomorrow evening at the dinner of the Young Peoples department of the Methodist Sunday school. Her topic will be "Citizens in the Making." Of a charming personality, and possessed of that magnetic appeal which holds a listener, Mrs. McKnight is able to present her argument in no uncertain manner and drive the points home. So popular is Mrs. McKnight that it's never a question of having an audience, the main difficulty is generally experienced in finding enough seating room for those who wish to hear her.

The dinner will be served at 6:15 p. m. The community singing will be led by Alfred Dillan and the accompanist will be Miss EffieDrexler. A short introductory talk will precede Mrs. McKnight's address.

The menu is a most appetizing one, including roast beef, mashed potatoes, brown gravy, cream peas, cabbage salad, bread and butter, jelly, apple pie and coffee.

A few more tickets can be secured by telephoning Mrs. W. C. Cobb, 708-J, or Lawrence Erickson, 873-J.

'KING OF OSAGE HILLS' CHARGED WITH MURDER

Oklahoma City, Okla., March 1.—(UP)—Demurrer of indictments charging W. K. Hale, "King of the Osage Hills," and John Ramsey, Pawhuska ranchman, with murder in connection with the death of Henry Roan, Osage Indian, was sustained by Federal Judge John H. Cotteral here today on grounds that the United States government had no jurisdiction in the case.

Government counsel indicated they would appeal to the United States supreme court on a writ of error.

Meanwhile Hale and Ramsey were ordered held for the Sheriff of Pawhuska county on state charges and released on $25,000 bail each.

Michigan Starts Separate Suit Against Lake Water Diversion

Washington, March 1.—(UP)—Michigan today began a separate action in United States supreme court to prevent Illinois and the Chicago drainage canal from diverting water from Lake Michigan. Through the attorney general, George B. Daugherty, the state asked the supreme court for leave to file the suit.

Wisconsin, Minnesota, Indiana and Ohio already have a suit pending to be argued later this month, but Michigan wishes to proceed separately.

Burma-Vita Relieves Rheumatic Pain

Rub lame spot thoroughly with Burma-Vita; apply bath towel wrung out of hot water. The moist heat cause Burma-Vita to soak in deep and to be completely absorbed into the disordered area. The results in many cases are truly startling — pain and soreness all gone in the morning. Get a bottle of Burma-Vita today. We promise you some real action. Druggists, 50c.

Good in Solitude

Solitude is the nurse of enthusiasm, and enthusiasm is the true parent of genius. In the ages solitude has been called for—has been flown to.—Disraeli.

Evolution

Man is a living waterfall; so is a nation—preserving its identity, appearance, but constantly changing and losing its individual particles.—Draper.

COLLISION CASE IN MUNICIPAL COURT

Thomas Willis Awarded $122.07 Damages From Edward Bailey

JUDGE ALDERMAN PRESIDED

D. H. Fullerton Attorney For Plaintiff, Basil T. Heath For the Defendant

Judge Alderman of the municipal court today filed his findings in the case of Thomas Willis against Edward Bailey, finding for the plaintiff in the sum of $122.07.

This case arose out of a collision between the plaintiff's Velie Six and Bailey's Hudson coach, at the intersection of 8th and Kingwood on December 24, 1925. Bailey was charged with "carelessly, recklessly, and negligently driving his automobile into and against the plaintiff's automobile." Judgment was asked for $150 for damages to the car, and $25 for being deprived of the use of the car for a period of three weeks as a result of the collision.

The defendant in his answer denied the charge, claiming that he had been thrown against the curb and his automobile badly damaged. He asked counter judgment in the sum of $200 for car damage and $50 for being deprived of the use of the car.

Witnesses called were R. T. Campbell, V. W. Mackey, and Paul Smith. D. H. Fullerton was attorney for Mr. Willis, while Basil T. Heath was attorney for the defendant. The findings of the court assessed the damage to the plaintiff's car at $97.07, and the use of the car at $25, a total of $122.07.

HOME TALENT PROGRAM

150 People Attend Program at South Long Lake on Friday Evening

About 150 people attended the local talent program presented on Friday night at the Hughey school at South Long Lake.

Mrs. William Hanson had arranged the program, and everyone enjoyed it greatly. The Daughters of the Soil had a candy booth, and sang a number of songs.

Two groups of women were organized at the meeting for the Garment Making project work, being sponsored by the county agent. Mr. Roth spoke a few words regarding the work. Two more groups are expecting to organize in South Long Lake soon.

VAUDEVILLE AT NEW PARK

"Cop, Chauffeur And Lady in Limousine" Headline Fine Bill Tuesday Night

Carr, Clifford, and Carr in "The Cop, the Chauffeur, and the Lady in the Limousine," will headline the vaudeville offering at the New Park theatre tomorrow night, in a combination of harmony singing, dancing, mirth and melody. This offering has been praised from coast to coast, and is cleverly interspersed with comedy. They take the stage differently from the usual trio, and get right into the hearts of their audience with the act, which is written by one of New York's best vaudeville writers, Howard Leigh. Many changes of attractive costumes are displayed during the act.

Marcheta in "The Igoretti Girl," does a violin musical act. Marcheta is a girl from the Philippines, a product of the United States schools in the Islands, and is said to possess unusual ability. She arrived a short time ago on the President Polk.

The Rainbow Four, a one-half ton of harmony, originated during the World War over in France. The boys were four members of the Rainbow division, therefore naming their act from their division. Their total weight is 810 pounds, the reason for their alias.

Hinkel and Mae in "A Timely Chat," give a picture of a lady missing a street car through collision with a man. Their comedy talk regarding the missed car is followed by a comedy song on small banjo, and a baritone solo by the man. A comedy double song finishes the act.

The Kelleys show a daring act on a high pedestal. They present the only act of its kind, and one of the most daring balancing acts on the American stage. The act, is called "Artistic Poseurs." Mr. Kelley supports Mrs. Kelley on his shoulders, on his head, and in his arms in all sorts of beautiful poses.

BAPTISM SERVICE

Held at First Baptist Church on Saturday Evening by Full Gospel Assembly

The special meetings at the Full Gospel Assembly closed with a real successful windup. A baptismal service was held at the First Baptist church which was filled to capacity Saturday night. Twenty-two candidates were baptized in water by the Rev. Henry H. Ness, pastor of the Full Gospel Assembly. Two vocal numbers were given by Miss Mary Raines, accompanied by Miss Karin Flaata from the Full Gospel Assembly. They are both talented musicians and have pleased the crowds every night with their musical num-

Rev. Henry H. Ness

bers. Real interest and definite results marked the series of the meetings. Over thirty came forward for salvation and one received the baptism in the Holy Spirit.

These meetings are the beginning of a series of special meetings which are to be held throughout the year, according to Rev. Ness and he also says that he is looking forward to the day when the church will have meetings every night the year around. "All things are possible with God," said Rev. Ness. Rev. Herman G. Johnson delivered the sermon Saturday night after the baptism service. He spoke on the subject: "Soul, Judgment, Eternity, Jesus." He read the following scriptures: Mark 8:36-37; Acts 17:30-31; Mark 3:29; Heb. 6:2; Jude 7; Matt. 1:21; John 11:35; Matt. 11:28. He spoke of how the soul and its eternal welfare is forgotten by so many; and how much time is spent on the body, which at best only lives on a few years, while the soul which will live on through eternity is never thought of. God has appointed a day, in which He will judge the world, and this judgment is sure, universal, and it will be final. The sentence will read of eternity. The speaker then spoke of Jesus, who bled and died to save sinners, and set them free from condemnation. "He's your best friend now; He'll be your judge then," he concluded.

Sunday afternoon the evangelist spoke on the words of Jesus on the Cross, "Woman, behold thy Son; Son, behold thy mother," and the Spirit of God rested on the service in a precious way. In the evening the Full Gospel Assembly was filled with a record crowd, and the evangelist spoke on "The Crisis at Kadesh, Barnea, or a Time of Decision." God had been leading Israel towards Canaau, and now at this point the final decision had come, and they failed through unbelief. God has been leading souls in Brainerd to a place of decision, and while some have accepted Christ, others are still wavering, said the speaker.

At all of these services souls come forward seeking salvation and testified to peace and joy because of sins forgiven. The words of Jesus still ring out, "Come unto me, all ye that labor and are heavy laden, and I will give you rest."

They Have Certainly Mussed Things Up

Carpenters, repair men, painters and decorators have full sway in our store for the present. They are making many changes in the appearance and when complete we will have a store which will delight the women of Brainerd and vicinity.

E. F. GATES

SLEIGH RIDE AND DANCE

Mrs. Van Essen And Miss DeRocher Hostesses Thursday Evening to Friends

Mrs. C. C. Van Essen and Miss Edith DeRocher wer hostesses to a group of their friends at a sleigh ride party and dance Thursday evening.

After an hour of sleigh riding around the city, the party returned to the New Brainerd cafe, where the rest of the evening was spent in dancing. At the close of the evening's merriment, a delicious lunch was served by the hostesses.

Jonquils and yellow candles were used as decorations. Covers were laid for 16.

Second Golden Rule

In a tolerant world—as this should be—there is room for a wide divergence of opinion, and the golden rule is to follow your conscience and not to sneer at your neighbor's. So do not swim with the tide unless you think it is a right tide—and you will keep the good opinion of all those whose opinions really matter.

Gasoline and Corn

A bushel of corn will buy more gasoline today than it would buy twelve years ago.

How much more?

Using as authority the latest statistics published by the United States Department of Agriculture, the question can be answered accurately.

The Monthly Crop and Market Bulletin gives the average farm price of corn, for 1913, as $.601 per bushel.

The Standard Oil Company (Indiana) average Chicago tank wagon price for gasoline, for the year 1913, was $.14837 per gallon. (For comparative purposes we select Chicago as a representative city of the Middle West.)

Thus it is shown that in 1913 one bushel of corn would buy 4.05 gallons of gasoline.

The average farm price for corn, during the year 1925, was $1.019 per bushel.

The Standard Oil Company (Indiana) average Chicago tank wagon price for gasoline was $.17276 per gallon.

Thus it is shown that in 1925 one bushel of corn would buy 5.89 gallons of gasoline, or 45.4% more than in 1913.

This fact speaks volumes for Standard Oil Company (Indiana) success in keeping down the price of gasoline, in the face of a constantly increasing demand.

This accomplishment involved the development of cracking processes which doubled the yield of gasoline from a given quantity of crude oil.

It is not too much to say that, when, a few years ago, this nation faced a shortage of gasoline that these processes saved the situation.

Without them the price of gasoline probably would have been double what it is today.

After developing these processes, the Standard Oil Company (Indiana) did not keep them for its exclusive use. It leased them to competitors, that they also might do their bit in conserving an essential basic resource.

The Standard Oil Company (Indiana) believes that the farmer, particularly, appreciates its success and its persistent effort to keep the price of gasoline low.

Gasoline is essential to the business of farming. Without it, modern farm practice would be impossible and much of our up-to-date farm equipment would be useless. Without it, labor costs would advance enormously: crops would be jeopardized and the nation suffer.

Low price gasoline means cheap power and greater prosperity for the farmer. When the farmer prospers—we all prosper.

DAILY DISPATCH WANTS *Bring* QUICK RESULTS

FRISCO RAILWAY MERGER PLANS ARE DELAYED

INTENDED TO CONSOLIDATE WITH THE ROCK ISLAND ROAD

APPLICATION FOR APPROVAL IS NOW BEFORE INTERSTATE COMMERCE COMMISSION

Washington, March 1.—(UP) — The pending Nickel Plate decision and the uncertainty of legislation providing for consolidation of the nation's railways have held up the plans of directors of the Frisco railroad for a merger with the Rock Island, E. N. Brown, chairman of the board of the Frisco system, told the I. C. C. today.

Brown testified in behalf of the Frisco application for permission to name three of its directors on the Rock Island board.

"We desire to make a study of the Rock Island financial and operating structure and work out the details of consolidation," Brown said, explaining the application.

In 1923 the Frisco attempted to get an outlet to the Gulf of Mexico by acquiring the International and Great Northern, but this was refused.

It was then decided the best way to accomplish this purpose was by taking over the Rock Island.

Jesse Hirschman and J. M. Kurn, together with Brown, would be the three Frisco directors on the Rock Island board, if the application is approved by the commission.

CHIC MODELS FOR SPRING INCLUDE CREPE AND GEORGETTE FROCK, FUR TRIMMED COAT AND ROMA CREPE DRESS

The models pictured above were displayed at a recent New York showing. At the left is a crepe and georgette frock. The deep revers, vest and cuffs are of georgette, edged with gold lace, and the skirt is widened by box pleats. The fur trimmed coat still holds popular favor in all seasons. An attractive model is shown in the center. Fox bands the flounce and forms the collar. At the right is a dress of green roma crepe in which box pleats, starting at the waistline in front and placed successively lower toward the back, give an effect of steps. A black moire streamer passed under the collar and through a slot in the dress provides an effective accent which is repeated at the cuffs.

LIVESTOCK, PRODUCE GRAIN AND BONDS

CHICAGO LIVESTOCK

Chicago, March 1.—(By U. S. Department of Agriculture)—CATTLE—Receipts, 19,000. Market: Fat steers steady to 15c lower, mostly 10@15c off on in between grades; medium offerings; moderately active demand; well finished kinds of value to sell at $10.50 and upward and common offerings $9 downward; fat she stock sharing decline; best matured steers $11, quality medium to good; on other classes steady; bulk vealers $11@11.20 to packers, outsiders $12.50@14.

SHEEP—Receipts, 15,000. Market: Choice handyweight lambs scarce; demand for desirable shippers broad, those interests bidding up to $14.75, looks 25@40c up; nothing done on heavyweight lambs; few shearing lambs $13.65@14; bidding up to $14.50 for choice handyweights; nothing done on fat aged sheep, supply very limited.

HOGS—(Soft or oily hogs and roasting pigs excluded)—Receipts, 44,000. Market slow, steady. Top $14. Bulk $11.70@13.40. Heavyweight (250-350 lbs) $11.65@12.50; medium weight (200-250 lbs) $11.90@13.35; lightweights (160-200 lbs) $12.25@14; light lights (130-160 lbs) $12.25@14; packing sows, smooth and rough, $10.10@10.85; slaughter pigs (90-130 lbs) $13.50@14.

Slaughter Cattle and Calves—Steers (1500 lbs up) $9.90@11.35. Steers (1100-1500 lbs) choice $10.85@11.65; good $10@11.25; medium $8.85@10.25. Steers (1100 lbs down) choice $11@11.75; good $10@11.25; medium $8.85@10.15; common $7.40@9. Light yearling steers and heifers, good and choice (850 lbs down) $9@11.25. Heifers (850 lbs up) good and choice, $7@10.75; common and medium, all weights, $5.90@8.75. Cows, good and choice, $6.40@8.15; common and medium, $4.50@6.40; canners and cutters, $3.50@4.50. ST. PAUL PRODUCE MARKET

BUTTERFAT—45c per pound.

WHEAT PRICES DROP ON CHICAGO BOARD OF TRADE

Chicago, March 1. — (UP) — Wheat prices dropped sensationally on the Chicago Board of Trade today as Chicago dealers dumped their holdings on the market in heavy lots.

The downward trend in wheat started soon after the opening of the market, but it was not until a few minutes before the close that prices took their sharp drop. The finish in May wheat was $1.59 a bushel, a drop of 6½ cents from Saturday's closing price.

Corn and oats made somewhat more moderate price recessions.

The heavy selling in wheat, according to leading operators, does not mean sustained lower prices, as there is nothing in the general news to account for the present down turn except the fact that many dealers were overstocked.

DRASTIC BREAKS IN THE MARKET

New York, March 1.—(UP)—Continuance of necessary selling in urgent fashion resulted in further drastic breaks throughout the list at the start of the week. Several pools which have been put in dire straits as a result of last week's several declines had their holdings taken off their hands, by groups which evidently went ahead with the process of liquidation for the stocks concerned, particularly Foundation Company and American Brake Shoe were as weak as anything in the whole list.

With prices down to levels which badly impaired marginal accounts built up on the recent advance, house cleaning on a wholesale scale was forced, resulting in undermining many standard industrials as well as specialties with a thin market.

American Can and General Electric broke sharply while bad breaks occurred in United States Rubber, Matison Alkali, Westinghouse Air Brake, Woolworth, Coca Cola, Stewart Warner and Internationai Combustion Engineering.

Although call money eased off to 5 per cent in the afternoon after renewing at 5½ per cent, little let up took place in the selling and the general list remained under pressure to the close.

The market closed lower.

Drainage District Assessments Aired In U. S. Supreme Court

Washington, March 1.—(UP)—The United States supreme court today affirmed the decision of western federal courts in granting four injunctions to restrain Minnehaha county, South Dakota, drainage district commissioner from enforcing a prorata assessment for drainage district assessments.

The city of Sioux Falls, S. D., which also sued for an injunction, lost its suit on a technicality, decisions of lower courts in favor of the city being reversed. Railroads and power companies obtained the other four injunctions which were affirmed today.

Cantonese Troops Enter American Missionary Compound

Hong Kong, March 1.—(UP)—Cantonese troops have seized the church and school in the American missionary compound at Hoihow, on the island of Hainan, according to reports received here today.

The troops, numbering about 500, are reported to have entered the compound shouting "Kill the foreigners."

The church and school are being occupied as barracks.

An American destroyer has arrived at Hoihow to investigate recent insults to the American flag by students.

1926 LICENSE PLATES ATTACHED TO CARS BY APRIL 1

St. Paul, March 1.—(UP)—Motorists who have not placed 1926 license plates on their automobiles are being illegally arrested in some parts of Minnesota, according to information reaching Mike Holm, secretary of state, today.

Although the final date for filing of license applications was February 15, plates do not have to be attached until April 1, Holm said. After that date motorists who are not exhibiting new licenses are subject to arrest.

U. S. LOSES SWAMP LAND SUIT IN STATE

Washington, March 1.—(UP)—The United States today lost its suit in United States supreme court to recover from the state of Minnesota 152,000 acres of swamp lands in the White Eearth and enlarged Leech Lake Indian reservations.

The Poor Pedestrian

Proof that pedestrians are poor is that none has endowed his pet emergency ward.—Birmingham News.

No More Piles

Thousands Bless Dr. Leonhardt, the Physician Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

This doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.

Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay, H. P. Dunn and Johnson's Pharmacy and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today.

AMUSEMENTS

Buster Keaton is Tenderfoot Cowboy in Newest Is Funnier Than Ever

Buster Keaton as a cowboy! Foiling "bad men," rounding up thousands of cattle, winning the girl just like all heroes are supposed to do in the great open spaces, but furnishing ten laughs with every thrill—that is the frozen-faced comedian's latest and greatest picture, "Go West," which has its last showing at the Lyceum theatre tonight.

Keaton has had many mirth-provoking roles during his screen career. None, however, has approached that of the young drifter who gets himself into all kinds of outlandish predicaments. The famous screen farceur also demonstrates in his newest picture that he has a flair for pathos as well as comedy.

New Infantry Company Mustered In

Luverne, Minn. — Headquarters company, 205th infantry, a new organization, will be mustered into service here Friday night. The officers will be Frank A. Cook, first lieutenant and John Earl Cameron, second lieutenant.

One-Page Bible

To make a complete copy of the Old and New Testament on a single sheet of paper 6 feet long and 2½ feet wide is a feat of skill and patience that few people would undertake. But it has been done by a Japanese Christian named Ishizuka.

This unique Bible was printed by hand on fine Japanese paper with a Japanese writing brush. The letters appear beautifully distinct when seen under a microscope.

According to the artist, "four years and three months and 10,000 prayers" were required to complete the work.

Cheap Fireproof Lumber

A group of lumbermen at Tacoma, Wash., became interested in the possibilities of manufacturing a noninflammable synthetic board from sawdust. Demonstrations show that by treating sawdust and other mill waste with chemicals a board can be made which will withstand a flame which would cut through thin steel. If this material proves commercially practical it will make it possible to build fireproof houses of wood.—Pathfinder Magazine

Mexico Oldest City

The oldest city in the New world is Mexico City, which antedates St. Augustine by more than two centuries. Mexico City dates from about 1325 A. D., when the Aztecs, looking for a favorable site, saw perched on a cactus an eagle devouring a snake. The omen was interpreted to mean that this was to be the site of their city.

Does Your Skin Look Greasy?

Nothing is so unsightly as a skin that always shines or looks greasy. There is a preparation called MELLO-GLO Skintone (part of a new wonderful French Beauty Treatment) which removes excess oil, strengthens the muscles, cleans and reduces pores, and beautifies the skin. Get a bottle of MELLO-GLO Skin-tone. You'll like it. Johnson's Pharmacy and the Economy Drug Co.

Thin Men Skinny Men Run Down Men Nervous Men

You're behind the times if you don't know that Cod Liver Oil is the greatest flesh producer in the world.

Because it contains more vitalizing vitamines than any food you can get.

You'll be glad to know that Cod Liver Oil comes in sugar coated tablets now, so if you really want to put 10 or 12 pounds of solid healthy flesh on your bones and feel well and strong—ask H. P. Dunn, Johnson's Pharmacy or any druggist for a box of McCoy's Cod Liver Oil Compound Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist is authorized to hand you back the money you paid for them. —Advt.
